FOR Club

Katelyn Fastnacht is writing down the high school participants great ideas.

This was the first year that the FOR Club was created and it has a very special purpose in the school. In October, the school administration brought a program called Rachel's Challenge to EHS. Rachel's Challenge was created as a result of the Columbine High School shootings which killed teenager, Rachel Scott. Rachel's mantra while in HS was this, "I have this theory that if one person can go out of their way to show compassion, then it will start a chain reaction of the same. People will never know how far a little kindness can go." Therefore, the FOR Club was created at EHS, so that students can ban together to create a chain reaction of kindness at EHS! They did several events during their first year: Mix-Up Monday Lunches, welcome signs for new students, chain links of random acts of kindness seen around school, and they created posters reminding students of the challenge left by Rachel.
